

# CHAMBER BIZ-TALK

“Chamber Biz-Talk” is our new marketing available for all Greater Cleveland Chamber Business Members. The purpose of “Chamber-Biz” is to expand the low-cost marketing opportunities available to our membership. We are offering three plans as listed below:

**Plan 1** – Your business will receive a professional interview, at an agreed upon time and date, in the Chamber Meeting Room. Your interview will last 2-3 minutes, offering you an opportunity to talk about your company and its products or services. The interview will be professionally

recorded and edited by Studio One Three. A video will be produced and uploaded onto the Greater Cleveland Chamber **YouTube** account. A link to the video will be given to you for your website or Facebook account. It will also be posted on the Chamber website the Chamber’s Facebook account. Interviews for the previous month will be shown on

our Chamber Power-Point presentation at our monthly luncheons. Price for this service will be \$30.00.

**Plan 2** – You will receive the same service above except the interview will be produced at the location of your business and will be 3-5 minutes. Location video may include a walk-through your business. Price for this service will be \$100.00

**Plan 3** – This is the same as Plan 2 except it includes HD Drone coverage for your location. This is particularly great if you have a large facility (i.e. auto dealership, home builder, manufacturing plant, etc.) This service will be provided by quote depending on drone usage.

For more information contact Wanda or Jim and the Chamber. 281-592-8786.
